

# ASSEMBLY INSTRUCTIONS

## Growers Basket Booster 4-Strand Trellis for hanging baskets with wire hangers or for containers

### Parts Reference

Your Kit will come assembled with the part shown above

### Short Tube

1

Hold one of the pre-assembled parts and rotate the 1<sup>st</sup> Leg that is adjacent to the Leg with Pins

2

Align the small holes with the Pins and pinch together

3

Continue to rotate the Legs and pinch together to form the X shape.

4

Remove the Short Tube from the X shape and discard

Hanging Basket

6

Insert the trellis Legs ends deep into the soil around the inside of the pot

**For hanging baskets with wire hangers complete assembly steps 5-8**  
**For patio pot containers skip to and complete step 9.**

Hanging Basket

5

Slide the X center hole over the hook on a pre-planted basket (using a wire hanger)

Hanging Basket

7

Thread Cable Tie down through the open hole in the top of the trellis (as shown), cross the bottom and back up through the opposite open hole

Push the top of the trellis down to expose the wire (or chain) hanger strands through the hole at the top.

Connect loose end of Cable Tie under the hook. Trim the end of the Cable Tie as needed.

\* Wire Hanger

\*\* Optional solar lights

Train the planted vine to wrap around the trellis Legs.

(Optional solar light strings are available and purchased separately)

Patent Pending

Insert the trellis legs deep into the soil around the inside of the pot making sure that each leg is inserted to the same depth and the X center hole is over the center of the pot.

Optional solar light strings and bird finials are available and purchased separately.

Patent Pending
